

April 2011

Dear Neighbors,

The Pine Hills Neighborhood Association (PHNA) has been a strong advocate for our residents in the perpetual battle to keep our neighborhood a safe and clean place to live and visit. The Association is run by neighborhood volunteers who give their time to keeping the organization going. This is true of the PHNA leadership, primarily its officers and Board. People move on, so PHNA is always looking for “fresh blood” to staff the organization.

PHNA has several vacancies right now, including: Vice President, Program Coordinator, and Area Representatives (because of its size Pine Hills is divided into six areas, each of which needs a wrangler), etc.

So what can you do? If you're not a member, please join (go to <http://pinehillsna.org/>). If you are a member, please consider joining the management team, assuming one of the vacant offices and joining the Board.

Those of us currently filling these positions are probably just as busy as you are. The duties are not strenuous, we meet once a month and hopefully you would take on some other project which might consume an additional one to two hours per week. Join us and feel good about your neighborhood and all it has to offer.

Together we can make a difference,

A handwritten signature in black ink, appearing to read "Todd Hunsinger". The signature is fluid and cursive, with a long horizontal stroke at the end.

Todd Hunsinger, President
Pine Hills Neighborhood Association
